

**San Remo Shores
Homeowners Association
Bradenton, Florida**

**March 24, 2022
HOA Meeting Minutes**

Meeting began at 6:45 with Pam Willis talking about Ken Garry, our HOA President passing away. She then introduced Matt Bower, our new President.

Matt introduced John Felix our new Vice President and Charlotte Stertzler our new Treasurer.

Guest Speaker, Walter Breuggeman, the Traffic Services Program Engineer of the State of Florida Department of Transportation was introduced. Attending our meeting, also from FDOT was Mark Mathes and Matthew LeStrange. Mr. Breuggeman had a slide presentation showing the engineering study process that is needed before transit changes are approved by the state and county. There was then time for questions, concerns and suggestions from those in attendance. It takes years of study, planning and to get funding to determine if a new traffic signal is warranted. Nothing happens overnight. Mr. Breuggeman said he would investigate the new turn lane that was just put in at our subdivision entrance and Cortez. He then agreed to pass on future updates from the traffic committee to Joanne Tevere, our HOA liaison.

After a brief recess, there was a unanimous vote to accept Matt Bower as our HOA President, John Felix as our Vice President and Charlotte Stertzler as our new Treasurer.

Note: Association financial bookkeeping records available to members upon request.
